## *FROM RUINED TO RENEWED*

In 2015, two major earthquakes claimed nearly 9,000 lives in Nepal. Villages in the beautiful Himalayan foothills were completely destroyed. Families were forced to take shelter with livestock before they could build temporary tin homes that are painfully inadequate against the rains and subzero temperatures. After visiting Nepal in January of 2016, Young Living Founder and Chairman D. Gary Young put a plan in place to restore hope in Nepal. We have decided as a Young Living community to be a part of something bigger than ourselves, and help rebuild 2 women's crisis centers, and 16 schools. We are inviting our community as a whole to take part in rebuilding another community in need. All fundraising efforts will help fund this work. We look forward to being part the change we desire to see in the world together with you!
